The Doctoral Scholars Program would like to inform all currently funded scholars of an increased funding cap for monies received from additional fellowship awards.

The funding cap has increased as of August 1, 2023 from \$32,000 to \$34,000 meaning that all currently funded scholars (i.e., 2021 and 2022 awardees) may accept up to \$34,000 total per academic year from all fellowship awards they may be receiving while a Doctoral Scholar.
